Anti-Slavery Office

My dear Anne,

"The steamer saved" so to-day that the files were clean forgot. The moment I thought of them out I rushed & shall send them by the Plymouth Rail to-morrow morn. There has been great stirrings to-day. I can only say it equals Saturday. Warren arrives but I have only seen him. All I know is the Child will go directly on. He is to be in town to-morrow. Leavitt goes a week from tuesday. We shall get the ground first. Maria is writing the attack upon Leavitt & very keen it is sharpened you may be sure by Frank Shaw calling this morning & saying he had given $25.00 at Faneuil Hall Edmund Quincy was here when he came & walked into him, "Oh Frank you're a fool" — We hear nothing from Boardidick

Garrison is very ill. Mary was over there this morning, but the tide is so high I cant find out what she thinks. The Doctor is anxious — Dr Lowell read the petition in the church yesterday
